AUSTRALIAN singer/songwriter XAVIER RUDD jumped at the chance to join supermodel BAR REFAELI in supporting an initiative to save beaches.

Xavier will be performing at the inaugural Corona Save The Beach event in London tonight, providing the soundtrack for Bar's sexy catwalk display at the beach-themed party.

The campaign aims to promote the preservation of sandy spots across the world.

And Xavier – who grew up on the south coast of Australia – was more than happy to assist a cause close to his heart.

He said: "I'm pretty inspired by it. There are really passionate people involved and the idea's great.

"Hopefully it will inspire other big companies to acknowledge how much they take and work on creative ideas to give back cause there's a huge imbalance in this world.

"Industry is just sucking the planet dry."

Though Xavier admits he has no idea how his wife feels about her hubby teaming up with leggy beauty Bar - girlfriend of Hollywood star **LEONARDO DICAPRIO**.

He added: "We've haven't really discussed it. I'm not sure what she thinks."
